... AND DISCOVER THE MAIN FRENCH CITIES

«SIMPLY AMAZING»
Paris, a legendary city, has inspired artists, photographers and musicians through the ages.

AN UNIQUE CULINARY EXPERIENCE
French gastronomy has been added to the world's intangible heritage list by UNESCO.

PLACE TO MEET
Some 40% of travellers to Paris come to the city on business, whether it's a corporate event or a trade show.

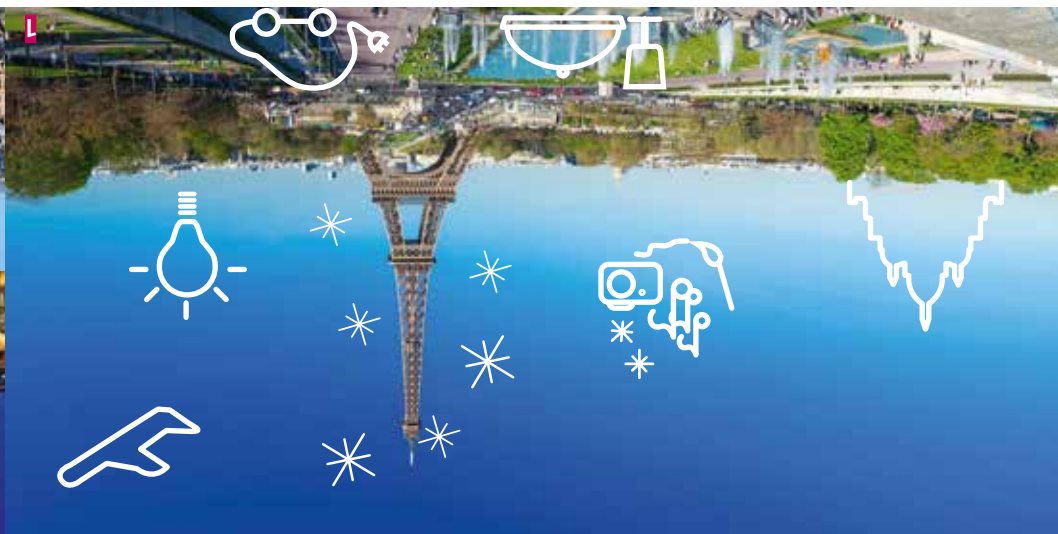

A RICH AND VARIED RANGE OF ACCOMMODATION
Paris stands out from its rivals thanks to its well-balanced, abundant and eclectic accommodation offer.

AN ECO-FRIENDLY CITY
Paris has a plethora of green ethos, was hosting the United Nations conference on climate change (COP 21) in 2015.

PARIS BY NIGHT
Night owls congregate in every district for drinks or cabalets or even boats and buses before heading on to trendy nightclubs.

DYNAMIC CITY
With their history and impressive architecture, Paris monuments undoubtedly contribute to the charm of the French capital.

INTERNATIONAL CAPITAL
A rich network of 3000 startups in the Paris region are working on the get to, with 2 international Europe, Paris is easy to situate at the heart of 132 countries.

TO CHOOSE ... PARIS ...

10 REASONS

ATTEND
THIS CONGRESS IS A UNIQUE OPPORTUNITY TO BE INVOLVED IN THE ENT COMMUNITY WORLDWIDE

REGISTRATIONS FOR THE ENT WORLD CONGRESS 2017 WILL ONLY BE MADE ONLINE VIA THE CONGRESS WEBSITE, ON APRIL 2016.

REGISTRATION FEES (VAT included)	BEFORE DEADLINE Feb 28 th , 2017	FROM March 1 st UNTIL June 15 th , 2017	ON-SITE
• PHYSICIANS	690 €	860 €	980 €
• FELLOWS/RESIDENTS	100 €	150 €	200 €
• EMERGING COUNTRIES	400 €	450 €	500 €
• OTHER PROFESSIONS: Speech therapist, orthodontist, physiotherapist, audiologist, hearing aid dealer, nurse	240 €	300 €	400 €
• INVITED COUNTRY	400 €	500 €	600 €
• ACCOMPANYING PERSON	240 €	300 €	400 €
• COURSES	50 €	50 €	50 €
• NETWORKING EVENT	150 €	150 €	150 €
• CITIZENS FROM THE CANDIDATE COUNTRIES IFOS 2021	690 €	690 €	690 €

"IFOS PARIS 2017 - ENT WORLD CONGRESS" AWAITS YOU!

The World ENT congress, scheduled in Paris in 2017, will be an essential event for the worldwide ENT community, regardless of nationality and type of practice.

With the IFOS board, we have decided to assign this event a triple focus: DIVERSITY, INNOVATION AND EVALUATION

- DIVERSITY of practices and resources around the world
- INNOVATION to link basic science and clinical research
- EVALUATION of quality of care, leading to worldwide guidelines

The social program will be outstanding, focusing on Paris, the "City of lights" but also on the diverse senses in the ENT field. We look forward to greeting you, from all over the world, to affirm the strength and dynamism of our specialty.

Professor F. CHABOLLE
General Secretary
Professor B. FRAVASSE
President

DIVERSITY, INNOVATION, EVALUATION

AUDIOLOGY / HEARING AID

PHONIATRY

HEAD & NECK AND ONCOLOGY

EQUILIBRIUM

LARYNGOLOGY

YAMASOBA Hyperacusis	LONGERO* / LANGGUTH* Facing the heterogeneity of tinnitus - and treating the tinnitus patient: insights from the European COST TINNET action	CORDERO / FRACHET Counseling patients hearing aid and/or surgery
--------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------

ROSEN / CHAVEZ Occupational voice disorders: North to South (around the world) perspectives	PHYLAND / CLAVÉ Swallowing disorders in elderly
-------------------------------------------------------------------------------------------------------	-----------------------------------------------------------

KOWALSKI / SIMO Initial work-up in head and neck cancer	SEOK KOO / NAGAHARA Thyroid cancer surgery: strategies for lymph node management	LOEWENTHAL* / BAATENBURG DE JONG* Treatment of advanced stage oropharyngeal cancers	HAMOIR / CHATURVEDI N0 in head and neck cancer patients
WEBER / CHAN Salvage surgery	STAAR* / LAWSON Early-stage laryngeal cancer: which treatment?	HUTCHESON / VAN DER BREKEL Rehabilitation with voice implant after total laryngectomy; management of complications	LEEMANS / GUNTINAS-LICHIUS Pleomorphic adenoma
BECKER* / MEHANNNA The role of the pet scan in head and neck oncology - PET/CT vs PET/MRI	LIMA / HARTIG* Which pre-therapeutic work-up for parotid gland tumor?	RANDOLPH / CHANDRASHAKUR The American Academy of Otolaryngology Head and Neck Surgery at IFOs 2017	

SUZUKI / BARBARA State of the art treatments in Meniere's disease	GERBAULET Evaluation and treatment of patients with vestibular disorders: an overview of current approaches used in French physiotherapy clinics	SHUPAK / ZEE Acute vestibular: vertigo or stroke?
ZEE / MAGNUSSON BPPV: advanced diagnosis and management	PERRIN / MALLINSON A succession of 3 keynote speakers	

ABITBOL / REMACLE Difficult cases in phonosurgery	PERETTI / RUBIN The place of new imaging procedures	VOKES / AVIV GERO/PERD
MENARD / DESUTER Unilateral vocal fold immobility: surgical procedures		

OLUSANYA / MANRIQUE Universal newborn screening: the good model	BOBSHKO* / DUBNO Presbycusis	LAUREYNS* / GODINHO* The economic impact of hearing loss: a comparison of the different systems of hearing correction management	LIN* Cognition and audition
PEREZ / TAVARTKILADZE Innovation in objective auditory testing	LALWMAN / MARX* Single-sided deafness: evaluation and management	AVAN* / KUJAWA* Hidden hearing loss: what investigations are needed for what audiological management strategies?	RICKETS* Hearing aids: how can we measure their efficiency and the medical benefit obtained?

MOSTAPHA / CREVIER-BUCHMAN Voice and swallowing rehabilitation after conservative treatment for laryngeal cancer	BLITZER / WOISARD Paradoxical vocal fold motion disorder
ROBERT / NERURKAR Speech and swallowing manifestations of systemic & auto-immune diseases	AFRY / LAWSON UES dysfunction and dysphagia: how to manage it?
AM ZEHNHOFF-DINNESEN / RUBIN Telemedicine in treatment of patients with communication disorders	

HANNA / SPRIANO Parapharyngeal tumours	GARREL / STOECKLI Sentinel lymph node technique in head and neck cancer	CALIFANO / WOLLENBERG Molecular biology of head and neck cancer: future perspectives in diagnosis, treatment, and prognosis	MORTON / ROGERS Quality of life in head and neck cancer
OZ / CERNEA How I do it, pitfall and tips for partial laryngectomy	KLOZAR / LACAU ST GUILY HPV and head & neck cancer	RAPIDIS / STROMBERGER* Osteoradionecrosis prevention and treatment	RANDOLPH / SHENOY* Thyroid cancer surgical controversies
LIN* / THARIAT* Rhinopharyngeal carcinoma			

TOUPET / PEREZ The in-office examination of the dizzy patients	DEGUINE Semi-circular canal dehiscence syndrome	RAMOS / MAGNUSSON The routes to the inner ear
PARK / BITTAR Vestibular migraine	MUROFUSHI / KINGMA Development of vestibular testing	SUGIUCHI / CHABBERT New fundamental insights to vestibular function

GIOVANNI / BENNINGER Difficult exposure in laryngoscopy: problems and solutions	LACCOURREVE / HESS Office based laryngology: the new frontiers	DEVICENTIS Rehabilitation after total laryngectomy for cancer: what future?
MOSTAPHA / SITTEL Laryngo-tracheal stenosis in adults	DUFLO / HIRANO Tissue engineering and the vocal folds	ABITBOL / SATALOFF Voice care in singers: the show must go on!
SULICA / MARIE Bilateral laryngeal paralysis today and tomorrow	WOISARD / ALTMAN The chronic cough and the protective laryngeal mechanisms	SJOGREN* / CAMPOS Pan american association session - Diagnostic and therapeutic challenges in laryngology
REMACLE / DRUCK SANT ANNA ELS nomenclatures meet the world	SUNG / GARREL Treatment of severe dysplasia and early stage carcinoma of the vocal folds	

HARRISON Central auditory changes in sensorineural hearing loss	UZIEL Development of language in cochlear implanted children	NAKAI / VINCENT Update on rerouting changes to the contralateral ear	AVAN* / MOORE* What progress can we hope to achieve for hearing aids, using what kind of adjustment techniques?
ATTIAS* / GIBSON Electrocochleography revisited	DAUMAN / NORENA Mechanism of tinnitus	KIM* / KRAL Central plasticity and cochlear implants	DUBNO Longitudinal changes in hearing and speech recognition in middle-aged to older adults
CORVERA Music and hearing	KOMPIS / MICHEYL Advances in hearing aid technologies	DILLON* What future for the calculation formulae of hearing aid adjustment targets? Do they all point to the same recommendations?	VAN DE HEYNING* Efficacy and safety of AM-101 in the treatment of acute inner ear Tinnitus (double blind, randomised, placebo controlled phase III study)

PINTO / ACKERMANN Voice and speech: place of ENT in diagnosis of neurological disease	OSIPENKO / BEHLAU Acute dysphonia singer
-------------------------------------------------------------------------------------------------	----------------------------------------------------

DIETZ / FURUSAKA* Laryngeal preservation in 2017	SCHWARTZ / LICITRA Supportive care during chemoradiation	BRADLEY / DULGUEROV Malignant parotid tumours	NJOCK / BABIN Announcement of bad news in head and neck cancerology
MAUNG MAUNG KHANG / SCHLUMBERGER Mediary thyroid cancer	SCOLA / CHEVALIER The role of open partial laryngectomy in current practice	SCHINDLER / SCHER Zenker diverticulum	BOZEC / ROGERS Improving outcomes through quality of life and the patient concerns inventory: the new dawn
CHANG CHOI / FERRIS Robotic surgery for head & neck cancer	REMACLE / PERETTI The role of TLM in laryngeal cancer treatment	TERRIS / TUFANO Indications and techniques for parathyroid surgery	

MAGNUSSON / BISDORFF The international classification of vestibular disorders, update 2017	CHARPIOT / NAKASHIMA Imaging of hydrops	DEWAELE* / CURTHOYS* / HALMAGYI* The physiological basis of new tests of vestibular function
DELLA SANTINA* / GUYOT Functional rehabilitation via vestibular implant in humans: state of the art	DUQUESNE / VAN NECHEL Vestibular contribution to space perception	
PARNES / VEILLON Imaging of hydrops and membranous structures of the inner ear	CHENG / PLONTKE Level of evidence in the medical treatment of vertigo	

GIOVANNI / JIANG Biomechanics of the glottic vibration: what a clinician should know	NOVAKOVIC*/COUREY* Developing a neurology practice	NERURKAR Phonosurgery: how to become a phonosurgeon?
SANTINI / SATALOFF Voice disorders after thyroid surgery	STROME / CERUSE Laryngeal transplantation: where are we today?	MENON/SULICA Laryngeal paresis. How to diagnose and cure?
HERTEGARD / HIRANO Stem cells and growth factors: how to regenerate Reinke's space?		

PITT / MARIANOWSKY Audiological diagnosis after newborn screening	NOBLE* The use of questionnaires in audiology	GOVAERTS* CI fitting: reaching targets with artificial intelligence	VAN DE HEYNING / VAN ROMPAE Tinnitus assessment and treatment in clinical practice applying personalized medicine
TAVARTKILADZE / VENAL Auditory neuropathy spectrum disorders	KOLLMEIER* Evidence-based audiological practice		

WOO Objective measures of laryngeal imaging: stroboscopy versus high speed imaging

DANELON-LEONHARDT Place of robotic surgery in supraglottic cancer: instrumentation, techniques, indications, and contraindications	MARCHAL* / WALKER* Stenolaryngoscopy: instrumentation, techniques, indications, and contraindications	BERNAL-SPREKELSEN / HAUGHNEY TLM for advanced laryngeal tumors	JEGOUX / STOECKLI Sentinel lymph node technique in cNO oral cancers
ABITBOL / BENNINGER Laser voice Surgery			

TOUPET / BOZORG GRAYELI Basic course in VPPB	AGRAWAL The basis of vestibular rehabilitation	ZEE / PEREZ Management of dizzy patients
MAGNUSSON Advanced course in VPPB	DARROUZET / MOM New instrumental techniques to diagnose hydrops	ESTEVE FRAYSSE / MAGNUSSON Intratympanic treatments in Meniere's disease

HESS Laryngeal injection in office: How I do it?	FRANCO Local steroid injections for laryngeal stenosis	BENNINGER* Medicallization laryngoplasty
PEROUSE Refining vocal results in microphonosurgery
